IDENTIFIERS *Indiana

ABSTRACT

Presented is a listing of approximately 125 recreational and physical education programs or services serving the mentally retarded population in Indiana. Programs are listed alphabetically by county, and usually included are agency name, activities provided, and a contact name and address. A summary chart and copy of the survey questionnaire form are provided. (IM)

Summary of Recreation/Physical Education Programs iii

County-By-County Listing of Recreation/Physical Education Programs 1

Survey Questionnaire 32

INTRODUCTION

Recreation is important for EVERYONE, including mentally retarded citizens. Recreation in the broadest sense is the wholesome and creative use of leisure time. Some mentally retarded persons have not been able to adjust in the community because they have not learned to constructively fill those leisure time hours when they are not in school or on the job.

Although some people think of recreation as fun only, others realize that recreation is an essential part of physical, social, emotional and intellectual development. The scope of recreation is great enough so that everyone, regardless of age or ability, can find some activities in which they can participate.

The Indiana Association for Retarded Citizens, through its Recreation Committee, undertook the task of surveying the state to locate the existing recreation and physical education programs involving mentally retarded persons, to provide data on existing programs which could be disseminated to interested people, and to identify programmatic needs in the area of recreation and physical education for the mentally retarded.

Survey forms were mailed to Directors of Special Education, Superintendents of Parks and Recreation, Directors of YWCA's and YMCA's, and Executive Directors or Presidents of Associations for Retarded Citizens. Of the more than 300 survey questionnaires mailed, a total of 170 replies were received covering 65 of the 92 counties.

I would like to acknowledge the assistance of the members of the Recreation Committee of the Indiana Association for Retarded Citizens for their work in developing the concept of the survey and carrying out this project. I would also like to thank the Indiana State Board of Health for their cooperation in publishing this report. I hope that this will be a means to begin communication among those who are currently providing recreation programs to mentally retarded children and adults, as well as be a means to stimulate new programs in areas where none now exist.

SECOND REQUEST
2/27/76

INDIANA ASSOCIATION FOR RETARDED CITIZENS

752 EAST MARKET STREET
INDIANAPOLIS, INDIANA 46202
PHONE (317) 632-4387

FRANK E. BALL, Executive Director

December 5, 1975

TO: Director of YWCA and/or YMCA
Superintendent of Parks Department
Director of Special Education
Local ARC President and Executive Director

FROM: Mark Laker, Chairman, IARC Recreation Committee

Recreation and physical education for the mentally retarded is important. That's why the Indiana Association for Retarded Citizens is undertaking the task of surveying the state regarding the types of recreation and physical education programs being offered to mentally retarded persons. The purpose of the survey is threefold:

A. to identify existing programs involving the mentally retarded,

B. to provide data on existing programs which can be disseminated to interested people, and

C. to identify programmatic needs in the area of recreation and physical education for the mentally retarded.

The survey questionnaire is being distributed across the state to the people listed above, and we are asking that it be returned to IARC no later than March 10, 1976. Your response will be compiled with those from people across the state, and will be summarized into a report. The report will become the basis for future action of IARC in the area of recreation and physical education for the mentally retarded. Copies of the report will be mailed to each person responding to the survey questionnaire.

Please take a few moments to fill in the survey questionnaire, or pass it on to the appropriate person to complete. Then return it to IARC no later than March 10, 1976.

P.S. Please return the survey questionnaire even if you have no programs serving the mentally retarded. YOUR response is most important.

CC: Recreation Committee

A VOLUNTARY ORGANIZATION DEDICATED TO THE WELFARE OF ALL THE MENTALLY RETARDED

SECOND REQUEST

RETURN TO: Indiana Association for Retarded Citizens
752 East Market Street
Indianapolis, Indiana 46202

NAME _____
